

Two Wheeler

Key Features

1. Exceptional environmental resilience
2. Ultra-stable operation
3. Seamlessly integrates, effortlessly maintains

Transflective Rear-View Mirror

- Ultra-Stable Performance
- High Definition

Intelligent Vision, Touching Future

Access Control and Security

Key Features

- 1. UV-resistant silk printing, guaranteeing lasting clarity and readability
- 2. Anti-glare treatment to prevent unclear images caused by environmental light reflection
- 3. Excellent anti-interference characteristics

Items	Specification
Size/Resolution	7" (1024x600)
Display Type	TFT (IPS)
A/A size (mm)	154.21 × 85.92
Outline Dimensions (mm)	163.8×97×2.5
Operating Temperature	-20°C ~ 70°C
Storage Temperature	-30°C ~ 80°C

Automotive

Key Features

- 1. Excellent anti-interference characteristics
- 2. High reliability and stability
- 3. Customized Solutions

Items	Specification
Size/Resolution	12.3" 1920×720
Structure	TLCM
Brightness	800 cd/m² min, 1000 cd/m² typ
A/A size (mm)	292.032 × 109.512
Connection Method	50-pin BTB
Operating Temperature	-30°C - 85°C
Storage Temperature	-40°C ~ 90°C

Home Appliance

Key Features

- 1. Excellent waterproof and oil-proof performance
- 2. High stability with precise touch function

Items	Specification
Size/Resolution	9" 1024×600
Display Type	TFT (IPS)
Brightness	450 cd/m² min, 500 cd/m² TYF
A/A size (mm)	196.61×114.15
Connection Method	ZIF
Operating Temperature	-20°C~+70°C
Storage Temperature	-30°C~+80°C
